Number and Place Value

Roll Up, Roll Up!

twinkl

Aim

- I can count back from 100.

Success Criteria

- I can count back from numbers up to 100 using a 100 square.
- I can find missing numbers when counting backwards from numbers up to 100.

Back and Forth

Now, let's count backwards along the 100 square.

What do we do differently when counting back?

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Back and Forth

Are the shooting stars counting forwards or backwards?

What three numbers come next?

Back and Forth

Are the shooting stars counting forwards or backwards?

What three numbers come next?

Back and Forth

Final Act

Which is quicker, counting back from 50 in ones, or counting up to 50 in twos? Race your partner!

I will count back from 50 in ones.

I will count up to 50 in twos.

Who was faster? Can you explain why?

Final Act

Which is quicker, counting back from 30 in ones, or counting up to 100 in fives? Race your partner!

I will count back from 30 in ones.

I will count up to 100 in fives.

Who was faster? Can you explain why?

Final Act

Which is quicker, counting back from 100 in tens, or counting up to 20 in ones? Race your partner!

I will count back from 100 in tens.

I will count up to 20 in ones.

Who was faster? Can you explain why?

Final Act

Make up your own race with your partner.

Who was faster? Can you explain why?
