

# Testing vehicles

# Record the time to go down the slope

# Create a Table of the Results for Your Class

| Who Made It | Time,<br>seconds | Speed |
|-------------|------------------|-------|
|             |                  |       |
|             |                  |       |
|             |                  |       |
|             |                  |       |

(Speed = distance / time, m/s)
