Use your instrument to make a loud noise.

Use your instrument to make a quiet noise.

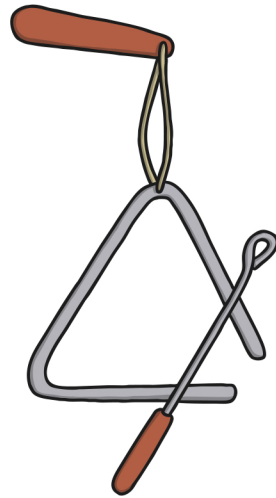

Find an instrument that makes a sound when you shake it. Find an instrument that makes a sound when you tap it. Find an instrument that has a beater.

Can you make 3 different sounds with your instrument?

Play a fast beat on your instrument and then play a slow beat.

Choose an instrument to play as you sing your favourite song.

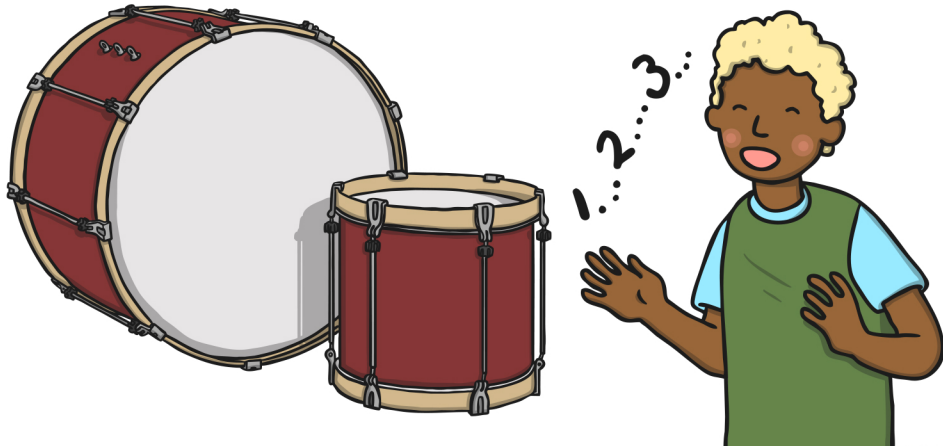

Find a friend for this challenge. Play a rhythm for your friend and ask them to copy it with their instrument. Now listen to their rhythm and see if you can copy them.

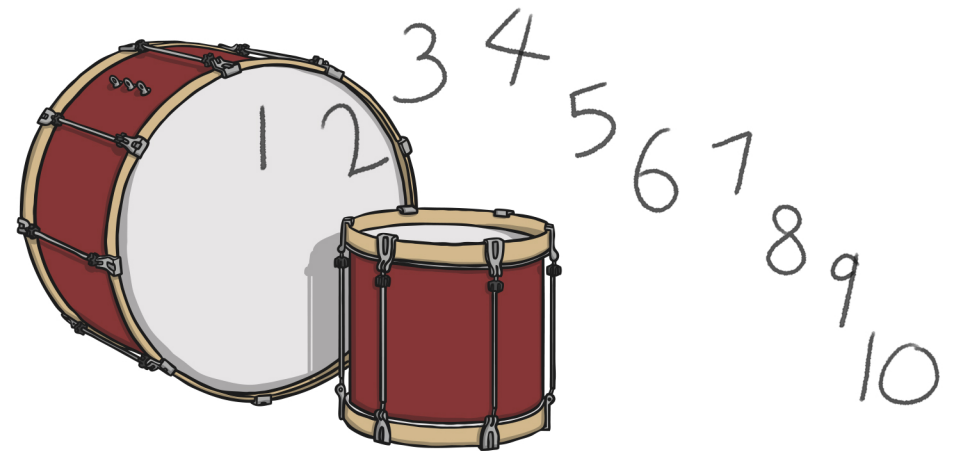

Find some friends for this challenge. Choose an instrument each and make a band. Now play your instruments as you sing your favourite songs.

Play a steady beat on the drum. It may help to count the beats.

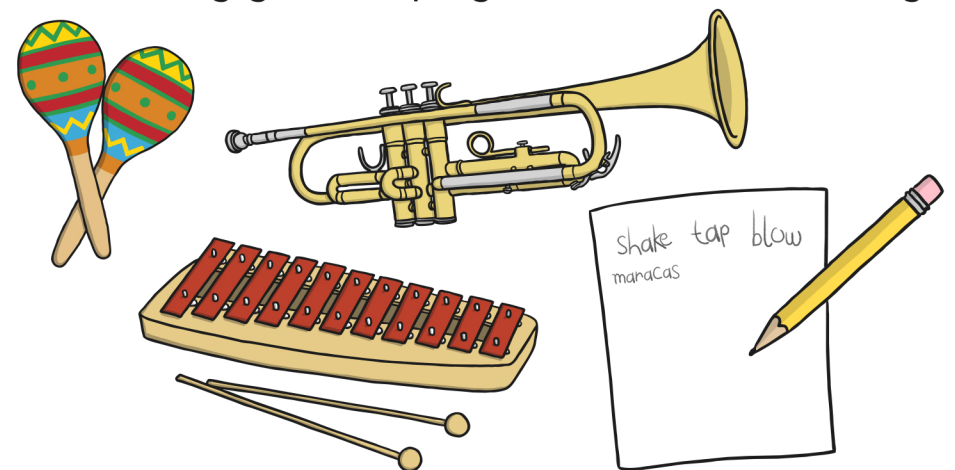

Play 10 slow beats on the drum and then play 10 fast beats.

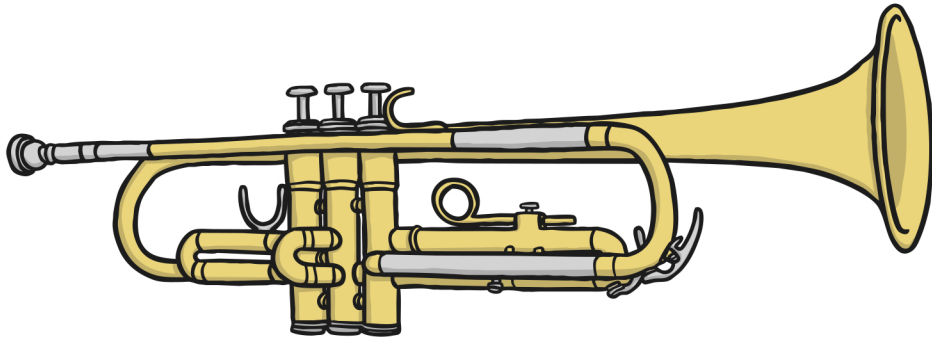

Find a friend for this challenge. Choose 3 instruments and listen to the sounds they make. Then close your eyes. Ask your friend to play one of the instruments. Can you guess which one it is? Now swap over and play an instrument for them to guess.

Sort the instruments out. Which ones do you shake? Which ones do you tap? Which ones do you blow? Are there any you can play in more than one way?

Start playing your instrument loudly. Slowly make it quieter and quieter until you can't hear it any more.

Make up a new tune using your favourite instruments.

Sing a song with actions.

Choose an instrument that can make sounds like a giant's footsteps. Choose an instrument that can make sounds like fairy footsteps. Choose an instrument that can make sounds like a horse's footsteps. What other sound effects can you make with the instruments?
