

## Our Weekly Challenge- W/C: 08.06.20

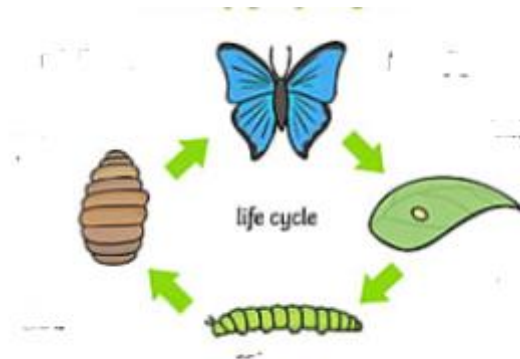

At the beginning of the week we provide the children with a challenge to complete by the end of the week. They are able to independently choose whether they complete the 'Bronze' 'Silver' or 'Gold' challenge.

This week's challenge is to investigate a 'life cycle'! This week, we have learnt about how caterpillars change, and how this is called a 'life cycle.'

Can you find out about another life cycle? A good example might be a frog! But you may have your own ideas. Your research can be done through videos (safely online), books, or even just based on what you already know!

Bronze- Can you draw the different stages of your life cycle? Using arrows to connect each part. (See example below)

Silver- Can you label each stage? Make sure you use your sounds to help you out!

Gold- Can you record a video of yourself explaining each stage? Using words such as 'next' and 'then' to link them together? (i.e. next the caterpillar hatches.)

Please upload your photo or video to your class dojo portfolio to share with your teacher or send to [kingscourt.rabbit@rbwm.org.uk](mailto:kingscourt.rabbit@rbwm.org.uk) or [kingscourt.robin@rbwm.org.uk](mailto:kingscourt.robin@rbwm.org.uk). We can't wait to see the life cycle you choose.
