Busy Learning Time

Can you choose 3 activities to do?

<p>Create your own superhero mask and cape and play 'Superheroes!' What kind of superhero will you become today?</p> 	<p>Create your own 'Shadow puppets.' Can you tell a story or put on a performance for your adults at home?</p> 	<p>Have you completed your weekly challenge 'Show and tell' video for your teacher and uploaded it to class dojo?</p>
<p>Complete a 'busy things' game!</p> <p>Click on 'Early Years', 'Upper Reception', 'Mathematics', 'Counting' and then play the game <i>rollercoaster - more or less</i>.</p> 	 <p>Draw and cut out some dinosaur shapes, using pegs, clip them onto the top of the dinosaur to create his spikes. Count how many did you put on. How many would you have if you added one more/took one away? Can you estimate before physically adding/removing a peg?</p>	<p>The next time you are drinking your water or milk, keep an eye on when the cup is full, half full and empty.</p>
<p>Create a virtual 'Book Review.' Choose your favourite book from home, and record a video telling your friends and teachers what you like about the book. Maybe you could even show us your favourite part?</p>	<p>Can you create your own picture cards to match these sentences? Try and read these all on your own.</p> <p>'The bug is in the garden.' 'Fish and chips on a dish.'</p>	<p>Create your own 'phonics hopscotch' using some of the sounds you know. You can even try doing this with tricky words!</p>
