

Day One: Busy Learning time

Can you choose 3 activities to do?

<p>Can you hide some treasure (your favourite toy) around your house/ garden and create a treasure map for somebody in your family to follow- can they find your treasure?</p>	<p>Ask a grown up for an empty bottle. Write a message about your new class and teacher and roll it up to put inside your bottle. Take it to a bowl of water/paddling pool and send it off to 'sea'</p>	<p>Can you create your own pirate hat just like Captain Fox? Please send any photo's to your teacher.</p>
<p>Can you use some resources from your toy box (Lego, building blocks etc.) To create a number like the one below? Maybe you can make your own number line doing this!</p> 	<p>On your daily walk, can you go on a number hunt and see what numbers you can spot? Tell your adult what one more/one less than that number might be!</p> 	<p>Using number cards, can you play a game of number splat? Get an adult to call out a number, and see how quickly you can 'splat' the number! Try to challenge yourself with those 'tricky teen' numbers!</p>
<p>Write some sentences telling your friends about your weekend, what did you get up to? As an extra challenge try and spell the days you did them on!</p> <p>(I.e. On Saturday I...)</p> 	<p>Write a few sentences telling your teacher about this house - what does it look like? Who do you think would live here? Would you want to live here?</p> 	<p>Imagine you could have your very own dinosaur as a pet! What kind of dinosaur would you have? What would you do with it?</p>  <p>Write a few sentences telling your teacher what you would like to do with your very own dinosaur pet.</p>
