

Day Two

Busy Learning Time

Can you choose 3 activities to do?

<p>Recreate some Lego patterns! On strips of paper, can you design your own Lego tower pattern and recreate it using actual lego?</p> 	<p>Create your very own Rainbow in a jar! Follow the steps on this youtube tutorial to teach your child about different liquids.</p> <p>https://safeYouTube.net/w/FdRM</p> 	<p>Practice counting in groups of 2s! Begin by grabbing pairs of socks and place them in groups of 2. Point to each group, and count up in 2s! Can you make it to 10? Maybe even 20?</p>
<p>Can you create a model using construction or Junk Modelling and talk about it? What did you do to make it? What would you use it for?</p>	<p>Practice your counting back with some of these number songs:</p> <p>https://safeYouTube.net/w/ofRM</p> <p>https://safeYouTube.net/w/EfRM</p>	<p>Can you create a picture of your own 'cautious caterpillar' using 2D Shapes?</p>
<p>Collect leaves, using a hole punch creates holes in the leaf! Do these tiny bites in your leaves remind you of any animal?</p> 	<p>Create your own 'worry monster' box to eat all of your worries! Try to write them on a sheet of paper when you feel nervous and feed them to your monster.</p> 	<p>How long can you balance on one leg for? Record your time, and see if you can beat your record on your other leg!</p>
