

Welcome to our Virtual School trip.

This week, we are going to visit the National History Museum.

There are so many rooms to explore at this Museum, and you can discover artefacts from hundreds of years ago! Will you discover an ancient Mummy? Or maybe you will discover an ancient dinosaur fossil? The possibilities are endless as you journey through history.

Tips for adults:

- You can click on 'different rooms' in the small boxes below.
- You can travel through the room by clicking around.
- The small '+' and '-' signs allow you to zoom in or out of objects of interest.

We would like you tell us

- What was your favourite room?
- What was your favourite thing to look at?

Can you create your own 'ancient artefact' and have fun pretending to dig it up and discovering it?
