

Greater snap (2+ players)

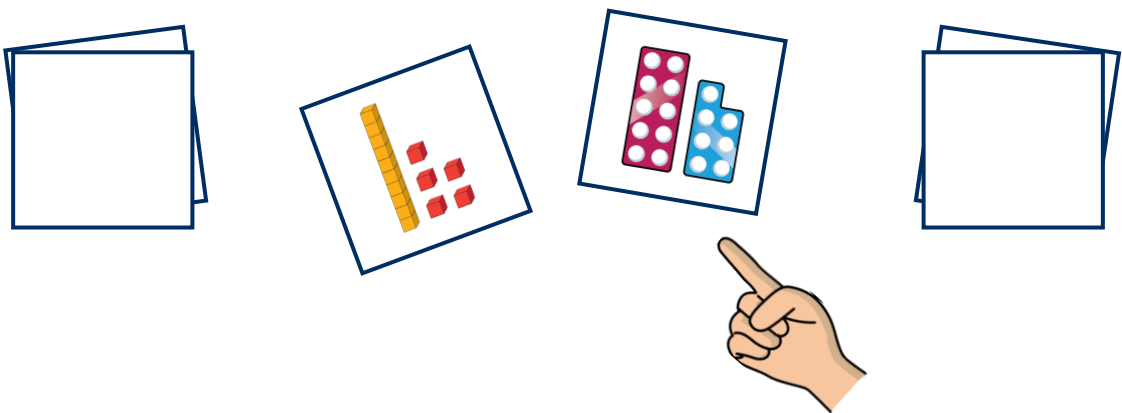

Equipment needed

- Number cards (11 – 19)

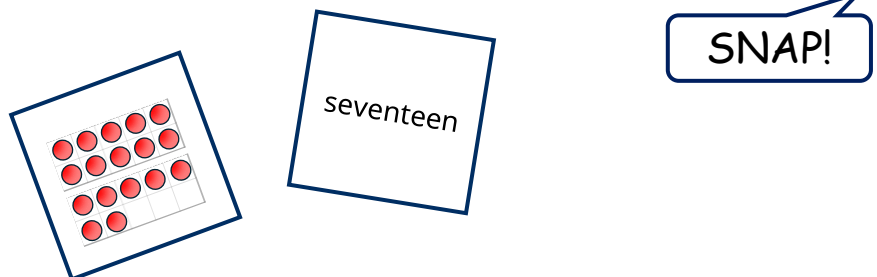

Instructions

1. Shuffle the cards and share them out equally, facing down, between all players.
2. Player 1 and player 2 each turn over the top card from their pile at the same time.

3. The player who points to the **greater** number first keeps both cards.

If the numbers are equivalent, the first player to shout "SNAP!" wins the cards.

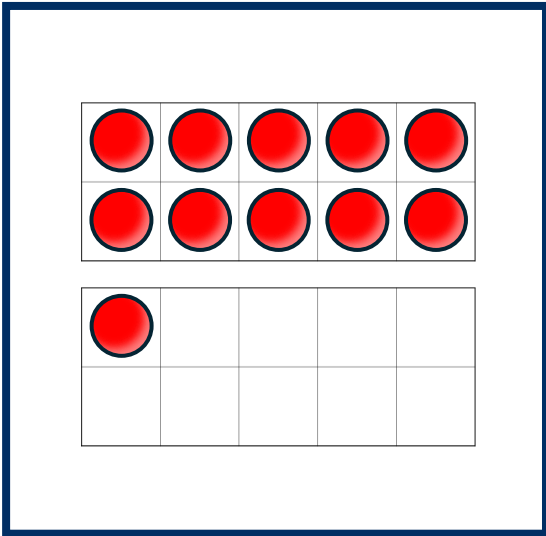

4. Play until all the cards have been collected.

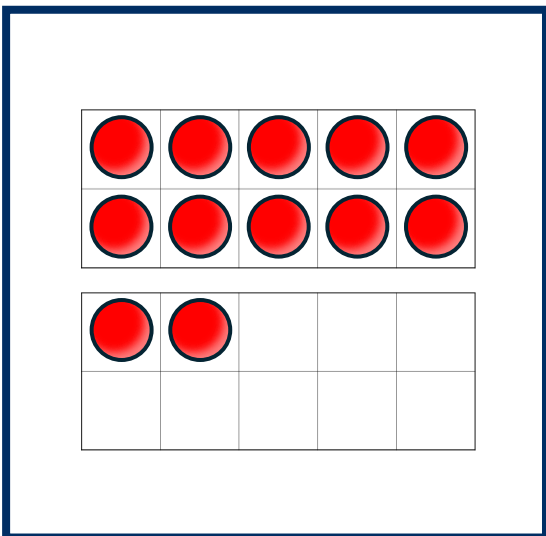

The winner is the player with the **most** cards.
